ML Introduction

Welcome to my Machine Learning and AI notebook.

□□ AI and ML Fundamentals

- AI Best Practices - some thoughts and principles that I've built up during my career building data projects.
- Learning with Limited Data - thinking around
- AI Causing Chaos - a compilation of examples of AI cautionary tales.

□□ Data Collection and Annotation

- Working with Argilla

□□ LLMs and Small/Specialised Language Models (SLMs)

- Local LLMs and SLMs
- Reproducibility
