# Obsidian

I'm a big fan of Obsidian. I make use of a lot of it's features and capabilities.

# Configuration and Plugins

## Periodic Notes

I use the periodic notes plugin to manage weeknotes.

For weekly notes I use the format:

```
YYYY/YYYY-[W]W
```

having the year repeated in the note title prevents the tool from trying to re-use the same note every year.

# Sync with Bookstack

See https://github.com/jaypyles/obsidian-to-bookstack?tab=readme-ov-file
